LEADING REIN PONIES

1. Leading Rein Ponies should be safe and suitable. They should possess a good front, even gaits and not be too wide for their small riders. The stride should not be too long, as they would unseat the rider and cause the rider to lose balance. Ideally the First Ridden Pony is a little more scopey in both conformation and movement than the Leading Rein Pony, although many ponies compete successfully in both sections. a. Judged on 60% suitability and safeness. 40% conformation and paces. b. Leading Rein classes are essentially classes designed for children on ponies 128cm and under. These children are those yet unable to ride without assistance from a leader or attendant and should be judged accordingly. Most shows restrict riders taking part in this section from taking part in other sections of the show. c. Leading Rein classes are restricted to riders seven (7) years of age and under led by an attendant, with minimum age for a rider in the Lead Rein section four (4) years at the date of entries closing. d. The lead must be attached to the cavesson of a simple snaffle bridle. e. The leader to hold the rein with their left hand so the right hand is free to assist the rider if necessary. f. Spurs are not allowed however a small cane may be carried. g. A best on parade, best turned out or unity class is the only competition within this section when the costume or dress of the leader may also be taken into account.
